General Remarks on the Application Process

- **Academic Supervisor**

Prospective applicants need to submit a confirmation of academic supervision (“**Letter of Invitation**”/LoI) from a full or associate professor at an Austrian ASEA-UNINET [Member University](#)* as part of their application.

To obtain this, candidates will independently need to:

- find an institute or a department that suits their academic profile,
- ask professors directly (they are used to such requests),
- set up meeting(s) to discuss their project proposal (E-mail, Zoom, etc.),
- upload the LoI in their application (on [scholarships.at](#)).

- **LoI Requirements**

May be freely written (i.e., there is no template) and must contain all relevant information (e.g., planned duration of the research stay, proposed project title, which support the supervisor will provide).

Must also bear the institutional (i) letterhead and (ii) stamp, and (iii) date and (iv) signature of the prospective supervisor. Otherwise, invalid application!

General Remarks on the Application Process

- **Reference Letters**

Prospective applicants need to submit two reference letters (“**Letters of Recommendation**”/LoR) as part of their application. The LoR:

- may not be issued by the Austrian prospective academic supervisor,
- should be written by professors who know the applicant well in the context of their academic work (as relevant to the proposed project),
- must be uploaded by the candidate in the application (on scholarships.at).

- **LoR Requirements**

May be freely written (i.e., there is no template) and must not be older than six months at the time of application.

Must also bear the institutional (i) letterhead and (ii) stamp, and (iii) date and (iv) signature of the reference. Otherwise, ineligible for application!

General Remarks on the Application Process

- **Translating Documents** If a document (e.g., copy of degree, language certificates, etc.) is neither in English nor in German, a rough (inofficial) translation may be submitted.

However, official translations may be required at a later stage by the prospective host university in Austria during the university enrollment process.
- **University Enrollment** Candidates may apply for the Ernst Mach Grant – ASEA-UNINET prior to enrolling at a host university in Austria.

However, enrollment must be completed before receiving the scholarship.
- **Start of Project** Full PhD: Winter Semester (1st Oct.) is standard practice at Austrian universities.
Postdocs/Music Practice: in accordance with supervisor (1st Oct. at the earliest)

General Remarks on the Application Process

- **Selection Procedure**
 - The selection procedure is based on a multi-stage process.
 - After 1st March 2024: Examination of the formal requirements (OeAD).
 - May 2024: Assessment based on personal interviews conducted by ASEA-UNINET experts. Criteria include language skills, quality of the Research Proposal, and relevance of the project.
 - Summer 2024: Final decision by the Austrian Federal Ministry of Education, Science and Research (BMBWF)

- **FAQs**
 - Further topics are addressed in the [FAQs](#).

What is an ASEA-UNINET project ?

This refers to a research and/or a teaching cooperation between at least 1 **Austrian** and at least 1 **ASEAN / Pakistani [ASEA-UNINET Member University](#)***. Several ASEA-UNINET Member Universities* from these member countries are welcome to participate in one project.

**Incl. [ASEA-UNINET Candidate Members](#)*

What can be funded?

Above all the **transcontinental mobilities** of the scientists participating in the project are funded. These are the travel expenses (funded only for Scientists from Austria) to and/or the living expenses in the partner country (funded for Scientists from Austria AND from ASEAN member countries/Pakistan). Between one and around six mobilities may be funded as part of one project. One mobility may last between a few days and a maximum of 3 months.

For detailed information see the [ASEA-UNINET application guidelines](#) (Call 2023-2024).

All Thai Member Universities can participate in an ASEA-UNINET project:

Burapha University (BUU)

Chiang Mai University (CMU)

Chulalongkorn University, Bangkok (Chula)

Kasetsart University (KU)

Khon Kaen University (KKU)

King Mongkut's Institute of Technology Ladkrabang (KMITL)

When to / Who can Apply

The ASEA-UNINET Project Call takes place once a year (in the spring) and concerns projects that are to be carried out in the coming Austrian academic year (October to September of the following year)

The **ASEA-UNINET Project Call 2024-2025** (Implementation Period Oct. 2024 until Sep. 2025) **will be open in spring 2024.**

You are interested? Then please do this:

- Find a suitable project partner at an Austrian ASEA-UNINET Member University (incl. the Austrian Candidate Member University). If you do not know one, please contact the [Coordinator of this Austrian ASEA-UNINET Member University](#).
- Create together a joint research or teaching project.
- Apply for the project. Attention: **The application is to be submitted exclusively by the Austrian partner** (usually the Austrian project leader).
- The approval process is multi-stage and takes several weeks/months.
- The Austrian partner will inform you if the project will be funded.
