Dear Colleagues

The Association of Universities of Asia and the Pacific(AUAP) in cooperation with EDUtech Asia 2024, the premier educational technology event in the region will organize the event in Singapore on 6 and 7 November 2024 at Sands Expo and Convention Centre, Singapore. EDUtech Asia offers a comprehensive program tailored to support the professional development of educators and equip them with the latest tools and strategies for effective teaching, elevating their practices and empowering them to meet the evolving needs of the classroom. Here are six key reasons why your members and your faculty should attend:

· World-class Keynotes

· Professional development

· Support for new teachers

· Networking opportunities

· Practical sessions

·Exhibition and start-up pavilion: over 200 exhibitors and an exclusive start-up pavilion showcasing 80 start-up exhibitors from the region, with over 400 speakers, and a total audience exceeding 8,000 over the two-day event. EDUtech Asia 2024 is CPD accredited and provides a great professional development opportunity for you and your team. Conference tickets are selling fast so we encourage you to register soon.
Hundreds of experts have already bought theirs!

As a supporting partner of EDUtech Asia, members of AUAP would be able to enjoy 30% off conference tickets with the promo code: AUAPXEDU.

Looking forward to your participation!

With my best regards
SUPAPORN CHUANGCHID

6 & 7 November 2024 | Sands Expo and Convention Centre, Singapore

Dr Md Sabur Khan
Honorable Chairman BoT and President
Association of the Universities of Asia and the Pacific

13 September 2024

Dear Honorable Chairman BoT and President Dr Md Sabur Khan,

Invitation to Association of the Universities of Asia and the Pacific to Attend EDUtech Asia 2024

We are excited to invite members of **Association of the Universities of Asia and the Pacific** to attend to speak at **EDUtech Asia 2024**, the premier educational technology event in the region. The event will take place in Singapore on 6 and 7 November 2024 at Sands Expo and Convention Centre, Singapore.

EDUtech Asia offers a comprehensive program tailored to support the professional development of educators and equip them with the latest tools and strategies for effective teaching, elevating their practices and empowering them to meet the evolving needs of the classroom. Here are six key reasons why your members and your faculty should attend:

- **World-class Keynotes:** Dive into cutting-edge AI technology and explore how AI-powered tools and platforms can personalise learning experiences, offering tailored content and adaptive assessments.
- **Professional development:** Our program includes sessions tailored to upgrade teaching styles and boost confidence in handling classroom challenges. Topics include classroom management, instructional technology, and social-emotional learning.
- **Support for new teachers:** We offer resources and insights to help new teachers succeed in their roles, providing them with the necessary skills and knowledge to excel, including strategies for applying self-regulated learning to balance student engagement and high-quality learning.
- **Networking opportunities:** Your teachers will have the chance to network with lead teachers and school leaders from across South-East Asia and beyond, fostering collaboration and idea sharing.
- **Practical sessions:** Attendees will hear best practices and participate in-depth roundtable discussions, ensuring they gain actionable insights and strategies to implement in their classrooms.
- **Exhibition and start-up pavilion:** Explore the latest EdTech solutions and innovations at our comprehensive trade expo, featuring over 200 exhibitors and an exclusive start-up pavilion showcasing 80 start-up exhibitors from the region.

EDUtech Asia has a proven track record, having successfully run for eight editions in Singapore. Our 9th edition promises to be even more impactful, with an impressive line-up of international keynotes, over 400 speakers, and a total audience exceeding 8,000 over the two-day event.

EDUtech Asia 2024 is CPD accredited and provides a great professional development opportunity for you and your team. Conference tickets are selling fast so we encourage you to register soon. **Hundreds of experts have already bought theirs!**

As a supporting partner of EDUtech Asia, members of AUAP would be able to enjoy 30% off their conference tickets with the promo code: **AUAPXEDU**

Simply visit www.edutech.asia and click the Register button. Should you require any assistance, please feel free to contact our School Coordinator, Therese at therese.ledesma@terrapinn.com.

Yours sincerely,

Jssica Foong

16:05	**Closing remarks** *Speaker:* **Rachel Warnick,** Chief Programmes Officer, **Professors without Borders,** Mauritius	**Closing remarks** *Speaker:* **Judy Kay,** Educational Technology Coordinator, **Canadian International School,** Singapore	**Closing remarks** *Speaker:* **Emida Natalaray**, Director, School of Technology for the Arts, **Republic Polytechnic,** Singapore	**Closing remarks** *Speaker:* **Lillian Lam,** Innovation Learning Leader, **Australian International School,** Singapore	**Closing remarks** *Speaker:* **Wong Poh Seng**, Director, Centre for Teaching & Learning Development, **Nanyang Polytechnic**, Singapore	**Closing remarks** *Speaker:* **David Kalisz,** Dean of Expert Programmes, **Paris School of Business,** France

16:10

K-12 Roundtable discussions *(Stage 1)*
Conference attendees can participate in closed discussions and peer-to-peer sharing with their fellow attendees from around Asia.

1. **K-12 RT –** *How can educators ensure that GenAI is supporting, not undermining, real learning?*

   Moderator: **Duncan Ogilvie,** Assistant Head, Digital, **British School of Al Khubairat, Abu Dhabi,** United Arab Emirates

2. **K-12 RT** – *Should we use EdTech if the traditional methods of teaching can still do the job?*

   Moderator: **Chan Kuang Wen,** Assistant Head of Department, Educational Technology, **Raffles Institution,** Singapore

3. **K-12 RT –** *How can teachers effectively differentiate instruction in a busy classroom?*

Higher Ed Roundtable discussions *(Stage 1)*
Conference attendees can participate in closed discussions and peer-to-peer sharing with their fellow attendees from around Asia.

1. **HE RT –** *How can we effectively support educator mental health and wellbeing while promoting a healthy work/life balance?*

   Moderator: **Watsatree Diteeyong,** Chair, Educational Technology Department, **Kasetart University**, Thailand

2. **HE RT –** *In what ways can AI be leveraged for assessment grading?*

   Moderator: **Rijanto Purbojo**, Director, Center for Teaching and Learning, **Universitas Pelita Harapan,** Indonesia

3. **HE RT –** *What are the risks associated with GenAI concerning academic integrity and ethics?*

	Leadership	K-12 – Digital Infrastructure & Learning Spaces	HE – Digital Infrastructure & Learning Spaces	K-12 – Teaching & Learning	HE – Teaching & Learning	Assessment

Moderator: **Rachel Serong,** Head of Secondary Learning Enrichment, **Australian International School,** Singapore

4. **K-12 RT –** *How might educators implement technology without disrupting pastoral wellbeing?*

Moderator: **Shane Parnell,** Director of Technology, **Anglican Schools Commission,** Australia

5. **K-12 RT –** *Should smartphones be allowed in schools?*

Moderator: **Tim Lovatt,** Head of Digital Learning, **United World College of South East Asia,** Singapore

6. **K-12 RT –** *What are the factors that impact EdTech adoption in schools?*

Moderator: **Gregor Marković,** Director of Educational Technology, **Wellington College International Tianjin,** China

7. **K-12 RT –** *How can teachers curate educational spaces that meet the demands of lifelong learning?*

Moderator: **Pam Mundy,** Executive Director, **Pam Mundy Associates Ltd,** United Kingdom

8. **K-12 RT –** *How might we prepare students for a world where AI is reshaping knowledge, work and society?*

Moderator: **Dr Rolly Alfonso-Maiquez,** Director of EdTech and Innovation, **VERSO International School,** Thailand

9. **K-12 RT –** *The clash of visions: investors vs. educators in shaping future schools*

Moderator: **Jaspal Sidhu,** Founder & Chairman, **SIS and Inspirasi Group of Schools,** Indonesia

Moderator: **Ana Hol**, Associate Dean, Learning and Teaching, **Western Sydney University,** Australia

4. **HE RT –** *What skills are essential for building industry-ready graduates?*

Moderator: **Narentheren Kaliappen,** Associate Professor, **Universiti Utara Malaysia,** Malaysia

5. **HE RT –** *How can we create an inclusive learning environment that accommodates diverse learning styles?*

Moderator: **Poh Seng Wong,** Director, Centre for Teaching & Learning Development, **Nanyang Polytechnic,** Singapore

6. **HE RT –** *How can we integrate virtual and physical learning experiences to enhance education?*

Moderator: **Kevin Hartman**, Head of Governance, **National University of Singapore**, Singapore

7. **HE RT –** *What will future effective and engaging pedagogical approaches look like?*

Moderator: **Rachel Warnick,** Chief Programmes Officer, **Professors without Borders,** Mauritius

8. **HE RT –** *Are we ready for the integration of GenAI in education and what will its impact be on teaching and learning?*

Moderator: **Vanessa Stafford,** Director, Academic Learning, **Kaplan Business School,** Australia

9. **HE RT –** *What are the most effective strategies for teaching creative disciplines in a digital-first environment?*

	10. **K-12 RT – *Generative AI for K-12 educators*** *Moderators:* **Cassey Anne Pelayo,** Product Manager, **Google for Education,** The Philippines & **Vivien Foo,** Education Technology Consultant, **Google for Education,** Singapore 11. **K-12 RT – *How can schools prioritise quality teaching amid growing market competition?***			*Moderator:* **Jonathan Gander,** Head of School of Creative Industries, **LASALLE College of the Arts, University of the Arts Singapore,** Singapore 10. ***HE RT – Higher ed's AI horizon: charting the course with Google Gemini*** *Moderators:* **Earl Velasquez,** Product Manager, **Google for Education,** The Philippines & **Wansi Toh,** Lead EdTech Consultant, **Google for Education,** Malaysia 11. ***HE RT – What is the correlation between student well-being and academic results, and how can we foster both?***		
17:20	**END OF CONFERENCE** See you in 2025!					

Legend	Suitable for K-12 & HE	K-12-focused topic	HE-focused topic

Get hands-on in these practical workshops on 5th November, ahead of the main conference on 6th and 7th November 2024!

10:00 – 12:00 **Morning workshops**		
Teaching reimagined: AI and chatbots as your intelligent teaching tools Dive deep and harness the potential of AI to reduce workload, provide individualised support and spark creativity.	**Empowerment with STEM: real-world problem solving for meaningful learning** Create meaning and purpose for your students by mastering the art of connecting classroom learning with real-world challenges.	**Leading innovation and EdTech at your school** Learn how to develop a strategy for authentic and purposeful technology integration in your school.
Differentiated instruction made easy: effective support for diverse learners Equip yourself with practical tools and strategies that support students with special educational needs and implement differentiated instruction.	**Elevating student engagement and understanding with AR/ VR technologies** Design immersive learning experiences that enhance student engagement and understanding.	**Harnessing AI for creative teaching** Captivate students with engaging lesson plans and learning materials created with the help of generative AI.
Enhancing student success with experiential and inquiry-based learning Demystify metaverse technology in the classroom and design impactful learning experiences that boost understanding and knowledge retention.	**The power of dialogue: tech tools for peer observation to boost your teaching experience** Develop critical skills associated with the peer-observation process and apply reflective techniques through effective questioning methods.	**Bridging the assessment gap with generative AI** Gain understanding into effective strategies and maintain assessment integrity when integrating with AI.
Leveraging AI and adapting assessments for holistic student evaluation Explore the opportunities and challenges in designing assessments with AI and navigate its ethical considerations.		
12:00 – 14:00 **Lunch break**		
14:00 – 16:00 **Afternoon workshops**		
Demystifying metacognition and fostering student agency Learn what educators can do in the classroom to support metacognition, motivation and self-regulated learning.	**Beyond the hype: generative AI for school leaders** Bridge the digital divide in your organisation and lead with confidence to thrive in an AI-augmented world.	**Six secrets to effortless efficiency & empowering differentiation** Chart the course for high-quality differentiated instruction in your classroom using research-backed instructional tools and practices.
Crafting effective digital strategies for education transformation Design scalable, human-led digital transformation frameworks that prioritise the needs of all stakeholders.	**Conversational coding: using AI as your personal programmer** Unlock time-saving strategies and streamline your processes through conversational coding.	**Harnessing the power of open-source large language models to build educational tools** Tap into the world of LLMs to build your own AI tools customised to fit your unique classroom needs.

Legend	*Suitable for K-12 & HE*	*K-12-focused topic*	*HE-focused topic*

Navigating the AI odyssey: unveiling the future of chatbots in higher education Gain a comprehensive understanding and develop strategies to integrate AI chatbots in teaching & learning, student engagement and learning experiences.	**Adapting generative AI in curriculum design** Rediscover how you can better design your curriculum and increase classroom engagement with GenAI tools.	**Implementing team-based learning for greater engagement and collaboration** Discover team-based learning (TBL) strategies and how this flipped classroom methodology can help you drive better engagement and collaboration in the classroom.
Unleashing the power of data: presenting a pedagogical approach to analytics Leverage data-driven insights on students' learning needs, behaviours and mindset to craft personalised learning experiences.	**Innovative strategies and digital tools for effective online teaching** Leverage tech tools and platforms to create a dynamic and interactive classroom experience.
