Change the World MUN New York

New York is defined by its skyline—the silhouette created by Manhattan's buildings is instantly recognizable and utterly mesmerizing. In fact, NYC is home to more than 200 buildings measuring 500 feet or taller; roughly double that of its closest US competitor. You can appreciate the skyline's grandeur from the observation decks atop the Empire State Building and Top of the Rock and revel in its scope from lower vantage points like the Brooklyn Bridge or the Brooklyn Heights promenade. New York City is a melting pot of cultures moving in unity on 305 square miles of land. During the day, Central Park, Wall Street, United Nations, the Empire State Building, and the Statue of Liberty, along with Ellis Island, capture the attention of every tourist. However, the city is alive 24-hours a day and nightlife is thriving. Times Square lights up while Broadway displays some of the best theater options the world has to offer. From Times Square and Central Park to the Empire State Building and Broadway, New York City is one of the world's most exciting places to visit.

When: 20 - 23 March 2025

The reason why I loved Change the World is because it gives the students the ability to learn how to cooperate with others and find a way to all work together from different perspectives to come up with a shared resolution. Understanding how to put yourself in others' shoes is not easy challenge, but I think is what the world needs today

NYC Safety Tips

To be safe in NYC is to use general common sense. However, with so many different neighborhoods and such dense population, there are some safety tips you should know when traveling in NYC. Keep Your Valuables Safe: The CWMUN host Hotel offers in-room safes that are laptop compatible. For peace of mind, we highly recommend storing your valuables in these free safes. Know Who is at Your Door: When you hear a knock on the door, make sure to check through the peep hole on the door before opening it. During the CWMUN week, CWMUN Security Staff Members will walk around floors at night to make sure everything is okay. They always wear an identification badge. Do not Travel in Unmarked NY Taxi Cabs: Commonly referred to as "Gypsy Cabs," these unmarked NYC taxicabs are usually non-metered, non-insured and non-licensed. Avoid a rip-off – or something worse – by denying a trip in these unmarked NY taxicabs.
