General Info

Change the World MUN New York

New York is defined by its skyline—the silhouette created by Manhattan's buildings is instantly recognizable and utterly mesmerizing. In fact, NYC is

home to more than 200 buildings measuring 500 feet or taller; roughly double that of its closest US competitor. You can appreciate the skyline's grandeur from the observation decks atop the Empire State Building and Top of the Rock and revel in its scope from lower vantage points like the Brooklyn Bridge or the Brooklyn Heights promenade. New York City is a melting pot of cultures moving in unity on 305 square miles of land. During the day, Central Park, Wall Street, United Nations, the Empire State Building, and the Statue of Liberty, along with Ellis Island, capture the attention of every tourist. However, the city is alive 24-hours a day and nightlife is thriving. Times Square lights up while Broadway displays some of the best theater options the world has to offer. From Times Square and Central Park to the Empire State Building and Broadway, New York City is one of the world's most exciting places to visit.

When: 20 - 23 March 2025

Throw that puffy jacket on a Viking pyre and do a little dance around it—winter will be over, and sunny days are just around the corner! While there are many reasons why NYC in winter is awesome, there's only so much of it we can take. So, take the opportunity to enjoy the sunshine, indulge in some great food, and attend a life-changing experience like CWMUN!

Hotel: 4* Hotels TBC (Midtown, Manhattan)

The official host hotels for CWMUN participants will be located in the heart of Midtown Manhattan. The CWMUN staff will be selecting the best hotels for you and your students, offering convenient access to the entire Big Apple and a comfortable place to rest at the end of the day.

Reservations at CWMUN rates, which include lodging, are only available through CWMUN and cannot be made via the hotel's website or phone reservation system. If you have any questions, please contact us, and don't forget to download our disclaimer.

NYC Safety Tips

To be safe in NYC is to use general common sense. However, with so many different neighborhoods and such dense population, there are some safety tips you should know when traveling in NYC. Keep Your Valuables Safe: The CWMUN host Hotel offers in-room safes that are laptop compatible. For peace of mind, we highly recommend storing your valuables in these free safes. Know Who is at Your Door: When you hear a knock on the door, make sure to check through the peep hole on the door before opening it. During the CWMUN week, CWMUN Security Staff Members will walk around floors at night to make sure everything is okay. They always wear an identification badge. Do not Travel in Unmarked NY Taxi Cabs: Commonly referred to as "Gypsy Cabs," these unmarked NYC taxicabs are usually non-metered, non-insured and non-licensed. Avoid a rip-off – or something worse – by denying a trip in these unmarked NY taxicabs.

General info

Why Singapore?

Singapore is a popular international travel destination, contributing to the flowering of an important tourist industry. Founded as a commercial port by the British in 1819, it has become one of the richest nations in the world since independence and is home to the busiest port on the planet. The combination of skyscrapers and subways of a modern city, Chinese, Malay and Indian influences, exquisite food, large shopping malls and a lively nightlife make it a truly fabulous destination and a great starting point for exploring the region. Singapore is a kind of microcosm of Asia, populated by Chinese, Malay, Indians and a large number of foreigners from all over the world. The concrete jungles that once dominated Singapore's skyline are slowly giving way to green skyscrapers, which look more like living ecosystems than business hubs. Fervently working towards its 'City in a Garden' dream, the nation is ploughing money into becoming more sustainable and, well, green. Head out of town a little and you'll find plenty of walking trails, treetop jungle bridges, wildlife galore and the city's green jewel, the UNESCO World Heritage-listed Singapore Botanic Gardens: these are the lungs of Singapore.

When: 08 - 10 May 2025

Located 1.5 degrees north of the Equator, its weather is usually sunny with no distinct seasons. The best things to do in Singapore are great year-round, with high heat and humidity to be expected no matter when you go. May can be hot as heat could reach its peak however, Singapore is always ready to treat your gently with a super equipped city.

Conference Venue & Lodging

In the amazing world of Model UN Conferences, Singapore has distinguished itself from other MUN conferences in the Asia-Pacific region with its organizational excellence and academic prestige. The educational environment of Singapore stands out from the top global educational environments by virtue of its youth and spirit, portraying independence, diversity and excellence. Change the World MUN Singapore is sure to bring together a positive mix of culture and educational excellences among all participating Schools and Universities.

The Suntec Singapore International Convention & Exhibition Centre will be the venue for CWMUN Singapore.

Additional information about the Conference will be posted as soon as they become available.
